

Pete Mitchell

I've been in Genius Network® since: 2019

I've **GOT** a business growth consulting firm and a SMS/SlyVoicemail platform.

That **GIVES** business owners simple & effective strategies to automate their ~~current~~ lead getting & lead conversion to client systems

That **GETS** more profits with better clients in less time so that business owners can enjoy less stress in their life.

I want **HELP** getting more clients that have successful businesses but need help generating more clients that convert faster.
